

Dear Visitors

I am pleased to welcome you warmly to Hua Mei Training Academy (HMTA in short). As a Training and Education Academy, we provide a wide-range of personal enrichment and accredited programmes to serve learning and development needs of both new entrants and skilled professionals in the aged care sector.

Moving forward, HMTA aims at working closely with partners, organisations and communities to build sustainable relationships that will allow for promotion of active ageing, distilling and imparting knowledge and skills acquired from Hua Mei Centre for Successful Ageing (HMCSA) to a wider community.

This website is your resource for matters that you would like to know about HMTA for training calendar, previews, activities and plans. We hope that you find it useful and that we look forward to seeing you at our engagement platforms be it on-line or face-to-face.

Cheers

Peggy Lee

Director

Hua Mei Training Academy
